CONNECTING ARTISTS

Connecting Artist Programme

Connecting Artists is an annual initiative designed for visual artists with intellectual disabilities and neurodivergent artists who wish to develop their creative practice.

Artists are selected nationally to take part in a 10-week online programme. This programme is designed to support the development of their creative practice and to prepare them for exhibiting (and, where desired, selling) their art.

CAC Artist Collective

Graduates of the Connecting Artist Programme go on to become members of The CAC Artists Collective.

Furthering space for collaboration, confidence building, and creativity.

Through exhibitions, mentorship, and networking opportunities, the Collective fosters genuine inclusion within the arts and supports artists to reach new audiences.
